**Origin and Background:** Skyhawk is the great grandson of WWII side-kick Winger. Winger was captured by Nazi scientists and given a series experimental chemical, in an effort to help develop an army of Nazi super soldiers. While the drugs appeared to have no discernible effects on Winger, they managed to help shorten his life, and altered his DNA. The changes to his DNA showed up in his descendants, the latest being the hero known as Skyhawk.

**Personality and Character Traits:** Skyhawk takes what he does very seriously. He feels that he must uphold the family's tradition of heroics. He can be laid back and relaxed when the situation is casual.

**Notes:**

**Costume:** The Dark Knight Minus Cape with golden color hawk on chest with same colored utility belt.
